## DESCRIPTION

### ABOUT THIS VESSEL

Flagship International specialises in sourcing quality yachts from across the globe. Our team of experienced brokers have resources around the world that can assist with video viewings, inspections, surveys, and sea trials on behalf of our valued clients. Once settlement takes place, we organise the shipping, customs, and importation of the vessel on your behalf. Buying a yacht internationally doesn't have to be daunting. Let Flagship help you find your dream yacht and take care of the logistics for you. Dream big with Flagship International.

Being self-sufficient on the Ocean means that you can explore. Having a truly comfortable platform to spend time on means that you can live. The Cheoy Lee 90 Explorer is one such tri-deck Super Yacht platform. While under 30m she boasts tri-deck privacy and multi-use space with an impressive 158 GT. The new way of living for Super Yacht Owners is to live and work on their yacht in a place they would rather be – at sea.

### ABOUT THIS VESSEL (CONTINUED)

EXPLORE – LIVE – WORK – REPEAT

DOUBLEYOU was refitted in 2020 and now has a light casual contemporary feel.

### ABOUT THIS VESSEL (CONTINUED)

Stunning accommodation with a full beam master and VIP

Twin Cabins with the starboard Cabin has a 3rd bunk which enables DOUBLE YOU to sleep 9.

Separate crew quarters for 4 crew who enjoy their own private crew mess.

The bridge deck is just a dream with its own day head and salon. This space also is set up to be a functional office that flows out onto the fully covered aft deck and bar. Great for dining with a view or hosting a party.

## ABOUT THIS VESSEL (CONTINUED)

The galley with stainless steel tops and commercial appliances adjoins the salon on the main deck. This then flows to the aft cockpit and dual access to the transom. This is akin to an apartment, for family living or long-range living, it's just a truly functional and welcoming space.

The massive deck space on the bow allows for a variety of toys and tenders with a crane that can lift 1 ton. The crow's nest on the bow will allow a sharp lookout if there is a need to visually navigate through uncharted waters. Or a great spot for a photo! The mini keel running down the center line provides both natural stability and running gear protection.

## ABOUT THIS VESSEL (CONTINUED)

She has a great ambiance and has the volume and capacity to hold all the tenders and toys you could think of. The massive 18,000 litres of diesel will take you 4000+ NM\* Normal cruising speed is 10 to 11 knots and she is stabilized by fins for underway and at anchor enhanced comfort.

The full stand-up central engine room houses twin Caterpillar 3206 engines and twin Northern lights gensets so there is an assurance of global serviceability. The engine room allows for excellent serviceability of its systems as you would expect from a yacht capable of a 4000NM range.

## ABOUT THIS VESSEL (CONTINUED)

The bridge electronics have been upgraded. Access to the Portuguese bridge via the side doors from the bridge allows for visual enhancement of the bow and flanks when needed. It's a true explorer feature and will be appreciated by a captain who likes a functional practical design. The bridge itself is a space that can seat owners and guests to experience the vessel being navigated. Always a place of interest and intrigue for new ocean lovers. Whether it be family holidays, living on board, or hosting parties there are not many limitations to navigation or time, you could spend on DOUBLE YOU. Rich in ownership history and tastefully refitted to satisfy the most critical buyer, DOUBLE YOU awaits her next adventure.
