Introducing the newest launch from Silver Yachts of Australia, SpaceCat is now available for sale. She is the latest collaboration between Silver Yachts and the renowned Espen Oino. Launched in October 2022 and following successful sea trials SpaceCat was transferred to Phuket, Thailand where she is available for viewing.

ABOUT THIS VESSEL (CONTINUED)

SpaceCat is an all-aluminum Catermaran with exterior styling and naval architecture by Espen Oino. SpaceCat has 4 of the latest Volvo IPS 1050 engines giving a top speed of 22kts and a cruising speed of 16kts all the while being extremely fuel efficient due to her lightweight design and low resistance hull form.

SpaceCat superyacht catamaran boasts the spaciousness that would rival a 50m in terms of volume but still operates in the regulation friendly under 500GT space. For example, the yacht has more than 4,300 square feet (400 square meters) outside for the owner to relax and entertain. This includes a private owner's terrace, a large swimming pool, a hydraulic swim platform and expansive sundeck.

ABOUT THIS VESSEL (CONTINUED)

Her interior was designed by Pulina Luxury Interior out of Italy. Accommodation is for a total of 12 guests in one master cabin, two doubles and two twin cabins, one with two Pullman beds. The crew quarters, meanwhile, will accommodate eight staff in one double captain's cabin, two twins and one triple cabin. All cabins on board are ensuite.

SpaceCat is equipped with a 6.25m Williams Tender and two Sea Doo Jet Skis.
